

## PRODUCT DATA SHEET

### OIL BIOSORB

#### PRODUCT INFORMATION :

- Natural absorbent for oil, liquid, chemical liquid, paint, ink
- Organic Pumice with a synergistic blend of selected non-pathogenic microbes, which can absorb all liquid dirt with bio-degradation.
- General purpose absorbent, absorbs water based fluids
- Prevent slipping hazards
- Reduce worker exposure on hazardous cleanups
- Biodegradable and incinerable
- Easily clean up hydrocarbon spill
- Light weight to handle
- Environmentally safe and Cost effective

#### COMPOSITION :

Pumice with bioremediation agent

All ingredients are organic and complete biodegradable

#### DIRECTIONS :

- For general purpose absorbent, absorbs water based fluids
- Strewn around the vicinity of the spill. Dosage depends on the amount of oil contamination.

#### ABSORB THESE AND MORE :

Benzene, Gasoline, Cutting Fluids, Fuel Oils, Jet fuel, Lubricating Oil, Glycols, Diesel, Hydraulic Oil, Skydrol, Grease, and Motor Oil
